

LOOES BARN CLOSE

SEMI DETACHED HOUSE
4 BEDROOMS

A great distinctive family home..

Originally constructed in the early nineteenth century and beautifully restored circa 2003, Looes Barn is a stylish four bedroom semi-detached family home in a quiet cul-de-sac located in Saltdean, Brighton. Successfully fusing modern with the aesthetics of a traditional barn, including exposed beams which make for a more intimate feel, this home has been fully renovated by the current owners to an exacting level and fine attention to detail.

The ground floor has a grand double-height entrance hall that leads to a modern kitchen fitted with integral appliances, hue lighting, integrated speaker system and island breakfast bar, a dining room with French doors to the rear garden, a southerly facing living room, a utility room and cloakroom. Upstairs, there are four bedrooms - the master has en-suite, and there is a separate family bathroom with a luxury Mira controlled rain shower.
